The Blockchain Divide

Blockchain technology is ushering in an amazing new world of decentralized trust and transparency that will improve our lives.

But if you are a non-technical user, you can't experience this world because the tools and apps for it are hard to use.

Our mission is to make blockchain
more accessible to mainstream users.

We are TryCrypto. This is our story...

Prologue: The School of Hard Knocks

Nik Kalyani

Co-founder/CEO

DOTNETNUKE

1

Developer Ecosystem

Co-founded Open Source CMS with worldwide ecosystem of hundreds of thousands of web developers.

VC funded; acquired 2017

- Gained experience marketing to and engaging developers
- Played pivotal role in selling to SME/Enterprise customers and reaching first \$5MM in sales revenue

WHENHUB

INTERFACE™

2

Consumer Blockchain

Co-founded mobile app for people to video chat with experts using Smart Contract for billing

- People found crypto wallets hard to use
- App development experience was rough

UDACITY

3

Developer Blockchain

Guest instructor for blockchain nanodegree program

- Developers challenged by rapidly shifting landscape
- No resources for learning new code design patterns

Genesis: Shared Vision

Nik Kalyani

Co-founder/CEO

Mentor

she(256)
women in blockchain

UCLA Berkeley program for
connecting women interested
in blockchain with mentors

Chase Chapman

Co-founder/Chief Experience Officer

Mentee

Undergraduate student at
University of Michigan
Ross School of Business.
Leadership role in local
blockchain community.

Our shared desire to make blockchain
easier for everyone resulted in...

Insight: The Root Problem?

Developing user-friendly blockchain apps is challenging for developers

Outdated
documentation

Complicated
concepts

Lack of mature
developer tools

UX friction for
end-users

Innovate: Our Solution

**Make it easy for developers
to build blockchain apps
that deliver great user experiences**

think  **Airtable** for blockchain apps

The GIST Stack

4

TRACK

DappGrader
(Free + Monthly Subscription)

(Q4 2020)

Blockchain app auditing and analytics service.

3

SIMPLIFY

PhotoKey
(Free)

(Alpha Launched)

Open Source, blockchain-agnostic, authentication and decentralized identity application.

VIDEO

ALPHA

2

INTEGRATE

DappConnector
(Free + Pay Per Transaction)

(In Development)

Blockchain oracle service for easy integration of existing data using a visual connection builder.

1

GENERATE

DappStarter
(Free + Pay Per Block)

(Beta Launched)

Full-stack, blockchain app generator that lets developers assemble their app using feature blocks.

Any Blockchain

The DappStarter Advantage

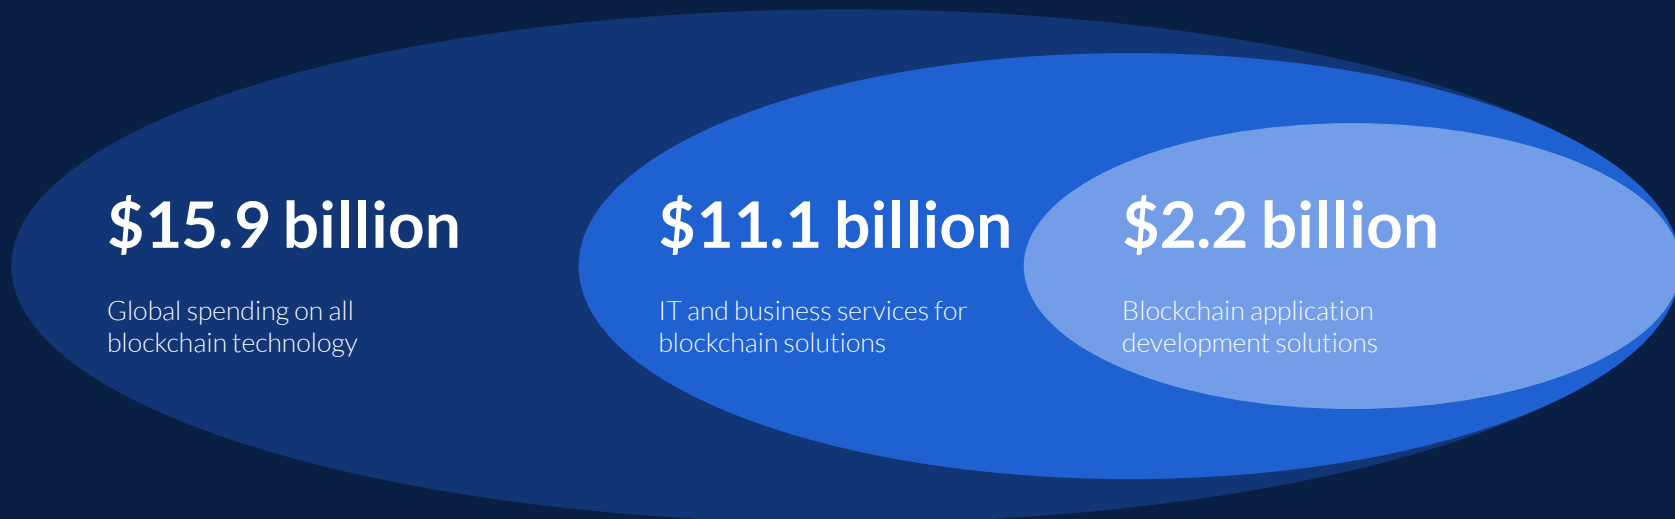

Current Workflow

DappStarter Workflow

Opportunity: Growing Market

60% of CIOs are planning to deploy blockchain applications in 1-2 years

Challenge: Competitive Landscape

There is no company that provides a full suite of developer tools for building blockchain applications.

Growth: Go-to-Market Strategy

Co-marketing through blockchain/
cryptocurrency exchange partnerships
and developer programs

Website and landing pages for each
product/service

Webinars, conferences, newsletters, and
educational content, especially videos

Create and download DappStarter
or DappConnector project

TryCrypto co-organized “BlockCovid,” a virtual summit in partnership with World Economic Forum Global Shapers to bring developers together for building blockchain solutions that address problems created by COVID-19. Over 200 developers from around the world are participating in this multi-week summit. <https://www.blockcovid.org>

Goals: 18-month Plan & Funding

18-month Goals

25,000

Dapp Project Download Run Rate

\$500K

Revenue Run Rate

Roadmap	2020	2021
DappStarter	Onboard 5 blockchains Publish 8-10 free blocks and 3-5 paid blocks	Add additional 3-5 blockchains Publish additional 10-15 blocks
DappConnector	Launch DappConnector with a minimum of 5 APIs	Launch DappConnector Public with a minimum of 6-8 APIs

We are currently self-funded and raising \$2 million in Seed Capital.

Decent Function, Inc. d/b/a TryCrypto is a Public Benefit Corporation incorporated in Delaware with headquarters at 1601 Morgan Street, Mountain View, CA 94043
